

Chaplain's Column

Brother Knights and Families,

I was hoping that the COVID-19 would be better than it has been since March. We still need to comply with guidelines set up in each state. We have added more week-end Masses, with the hope that attendance will increase. We still have need to continue wearing a mask and sanitizing our hands at all times of the Mass. Schools opened, but immediately had problems with positive cases of the virus especially on college campuses. Workers and residents at health care facilities are still at a greater risk. What is your attitude toward racial injustice? Whether you agree or disagree with the gravity of it, as a Christian we must pray for and act with justice toward all human beings. The slogan "Black Lives Matter" has now been applied by some to "All Lives Matter". The Brewers, Bucks and Packers have showed their support by cancelling games and practices. Nationwide, other teams followed the same example. How do we show support for racial equality? How do we show support for "40 Days for Life?" Like me, you may not feel comfortable walking, but do you pray for the effort on a regular basis? The month of October is dedicated to Our Lady of the Rosary and Respect for Life at all stages. I think through all of this, God is telling us "Be Patient". Also another virtue "Have Faith". Faith takes you through the problem. Faith doesn't always take away the pain, Faith gives you the ability to handle the pain. Faith doesn't always take you out of the storm, Faith calms you in the midst of the storm. Amen Think about this. Only you can answer it! How strong is YOUR FAITH? Hope that we will see many of you at the meetings and activities this year,

Fr. Dick
